# Periscope Summer Camp 2009

**May 26-August 7,  
2009**

Planet Earth

## Summer Activities!

We are looking forward to an awesome summer at Periscope. This summer includes old favorites and awareness activities. It is a hodgepodge of fun with fitness, going green, science, drama, art and all out yucky stuff. All of the science experiments are fun and safe and prefaced with a "why you should not try this at home" speech.

Every summer, the children have an opportunity to attend 2 week-long vacation bible schools (usually 8:00—12:00). Last year they went to Thelma Baptist Church and the First United Methodist Church. These are non-denominational bible studies. Transportation is proved by the churches. We will let you know the dates of these events when they are scheduled.

### Character Education Topics

Lying  
Stealing  
Cheating  
Bullying  
Drug Prevention  
Health & Safety  
Money Management  
Planet Earth

We have guest speakers scheduled for these topics.
